

Choral Connections Society Choir Participation Agreement for Choir Year 2024-2025

THIS AGREEMENT is to be signed by all singers, staff, directors/ conductors/accompanists, members, volunteers and participants prior to joining Choral Connections Society (CCS) for the 2024/2025 Choir year. While the COVID-19 restrictions imposed by the Provincial Health Ministry have been lifted, we still need to bear in mind that we are a large choir with members ranging from 19 – 90 years of age and some members have pre-existing health conditions.

While vaccinations are no longer required for you to attend rehearsals or sing at concerts, health officials do recommend getting COVID-19 vaccinations and keeping them up to date to protect yourself and others.

Wearing a mask is also no longer required but you are welcome to do so if you wish. Please respect the rights of our members who choose to wear a mask at rehearsals or performances.

I, (member name), affirm that I have read this document in its entirety and I acknowledge that singing in a large group is considered a **moderate health danger**. A lot of air is shared as we sing together but if we are all conscientious we can sing safely together.

In order to help mitigate the risk, I will:

- Sanitize my hands prior to or upon entering the rehearsal venue.
- Not share music or instruments with other members.
- Not attend choir rehearsals or other in-person activities if I am ill or have someone in my household who has COVID-19, the flu or other communicable illness.
- Respect the right of my fellow choir members to wear a mask or distance themselves, if they so choose.

Signature:

Date:

If we all do our part, we can keep the choir healthy and singing.
